

**ASPIRUS™**  
**REGIONAL**  
**CANCER CENTER**

Passion for excellence. Compassion for people.

## Passion for excellence. Compassion for people. Leading-edge cancer care and treatment options.

*Aspirus Regional Cancer Center is a leading cancer treatment center known for its advanced diagnostic and treatment options.*

**Advanced Technology.** We provide the full range of the most advanced diagnostic and treatment technologies, including:

- Tomotherapy – the latest advancement in image-guided radiation therapy.
- Clinical Trials Research – Aspirus patients have access to new treatment options through our participation with ECOG and NSABP, internationally known research groups for cancer treatment.

Aspirus Regional Cancer Center's multi-disciplinary team includes medical and radiation oncologists, surgeons, gastroenterologists, urologists, oncology registered nurses, dietitians, social workers and pastoral caregivers.

**Unsurpassed Compassion.** We recognize you as a person, someone who has a life beyond cancer. Our most recent survey indicates that 100% of our patients would recommend the Aspirus Regional Cancer Center to others.

**CoC Approved Cancer Care.** Aspirus Regional Cancer Center has been granted Approval with Commendation by the Commission on Cancer (CoC) of the American College of Surgeons (ACoS).

Patients receiving care at a CoC approved cancer program are ensured access to:

- Comprehensive care, including a range of state-of-the-art services and equipment.
- A multi-specialty team approach to coordinate the best treatment options.
- Information about ongoing clinical trials and new treatment options.
- Access to cancer-related information, education and support.
- A cancer registry that collects data on type and stage of cancers, treatment results and offers lifelong patient follow-up.
- Ongoing monitoring and improvement of care.
