

ASPIRUS™

Passion for excellence. Compassion for people.
Treating each person in the best possible way.

Aspirus is an integrated, community-guided health care system. As a medical leader, we are continually advancing initiatives dedicated to improving the health of the people we serve.

We work collaboratively with others who share our passion for excellence and compassion for people. Being the health care system of choice, Aspirus delivers value, innovation, excellence and compassion across 14 Wisconsin counties and the Upper Peninsula of Michigan through:

- *Aspirus Wausau Hospital*
- *More than 30 primary and specialty clinics*
- *Four partner hospitals*
- *A network of more than 350 physicians*
- *Nursing home care*
- *Regional home health and hospice services*

A Magnet Hospital. The gold standard for patient care, Aspirus has earned the nation's highest honor for excellence in nursing care. Only 4% of hospitals nationwide carry this distinction.

Clinical Excellence Awards – Five Years Running. The only Wisconsin hospital honored by HealthGrades five years in a row.

Heart Care that's Ranked Among the Top 5% in the Nation. Aspirus Heart & Vascular Institute has been recognized by HealthGrades for cardiac care excellence, five years straight. We are the #1 heart program in Wisconsin.

Commission on Cancer (CoC) Approved Cancer Center. Aspirus Regional Cancer Center delivers the latest advanced diagnostics and treatment technologies, including Tomotherapy.

The Backbone of Complete Care. Aspirus Spine & Neurosciences Institute provides integrated and coordinated diagnosis, treatment and rehabilitation of neurological, muscular and skeletal disorders and injuries.

MedEvac Transportation Services. Aspirus' MedEvac service provides 24-hour emergency air and ground medical transport in and around Northern Wisconsin and Upper Michigan. In situations where every second counts, the MedEvac helicopter can pick up patients from regional hospitals or at the scene of the emergency.

Level 3A Newborn ICU (NICU). Aspirus' NICU provides at-risk newborns with a higher level of neonatal care, 24 hours a day, seven days a week.
