About Aspirus

Aspirus Health is a non-profit, community-directed health system based in Wausau, Wisconsin. Its 11,000 employees are focused on improving the health and well-being of people throughout Wisconsin and Upper Michigan. Aspirus serves communities through four hospitals in Michigan and 13 hospitals in Wisconsin, 75 clinics, home health and hospice care, pharmacies, critical care and air-medical transport, medical goods, nursing homes and a broad network of physicians. Visit aspirus.org for more information.

About Wausau

Wausau is a growing community that affords a high quality of life. The population of the city of Wausau is approximately 40,000 with the combined population of Wausau and its surrounding metropolitan area exceeding 70,000. The area provides numerous opportunities for four-season outdoor recreation, and is especially noted for fishing, hunting, downhill skiing, cross-country skiing, snowmobiling, hiking, biking, kayaking, canoeing, and boating.

The local Performing Arts Foundation and many local festivals and programs provide opportunities for local, national and international cultural experiences. The area is accessible from I-39/US 51 and US 29 and is within 20 minutes of Central Wisconsin Regional Airport.

For more information see www.ci.wausau.wi.us.

Pharmacy Department

The Aspirus Wausau Hospital Pharmacy consists of an inpatient pharmacy, a clinic pharmacy, and an ambulatory oncology center pharmacy, which are all onsite. The department is progressive and clinically oriented. A state of the art clean room, compounding robot, and unit-based automated dispensing technology support our distributive operation. Pharmacists work collaboratively with multi-disciplinary teams and round with teams in a variety of patient care areas where they practice at the top of their license. Additionally, the oncology team has an established collaborative practice agreement to further optimize patient care.

PGY1 Pharmacy Residency Program

The PGY1 Pharmacy Residency Program at Aspirus Wausau Hospital has been accredited through ASHP since 1999. The program initially started with one resident position and has grown through the years to our current class of four. Aspirus Wausau Hospital provides residents with a broad range of clinical experiences with a focus on inpatient acute care, oncology, drug information, and practice management. Through pharmacist-directed protocols residents will gain experience managing:

- Total Parenteral Nutrition
- Hyperglycemia
- Kinetics
- Anticoagulation

Our preceptor team includes 75% residency trained pharmacists, and many with over 10 years of experience. In the past 5 years, we have been able to retain over half of our resident graduates in the Aspirus System due to our expanding pharmacy department.

For more information regarding the Aspirus Pharmacy Residency Program go to <https://www.aspirus.org/pharmacy-residency>
