Pharmacy Department

The Aspirus Wausau Hospital Pharmacy consists of an inpatient pharmacy, a clinic pharmacy, and an ambulatory oncology center pharmacy, which are all onsite. The department is progressive and clinically oriented. The pharmacy is highly automated with carousels, automated dispensing technology and a compounding robot to support our distributive operation. Pharmacists work collaboratively with multi-disciplinary teams and round with teams in a variety of patient care areas where they practice at the top of their license. Additionally, the oncology team has an established collaborative practice agreement to further optimize patient care.

PGY1 Pharmacy Residency Program

The PGY1 Pharmacy Residency Program at Aspirus Wausau Hospital has been accredited through ASHP since 1999. The program initially started with one resident position and has grown through the years to our current class of four. Aspirus Wausau Hospital provides residents with a broad range of clinical experiences with a focus on inpatient acute care, oncology, drug information, and practice management.

Through pharmacist-directed protocols, residents will gain experience managing:

- Total Parenteral Nutrition
- Hyperglycemia
- Kinetics
- Anticoagulation

Our preceptor team includes 75% residency trained pharmacists, and many with over 10 years of experience. In the past 5 years, we have been able to retain over half of our resident graduates in the Aspirus System due to our expanding pharmacy department.

For more information regarding the Aspirus Pharmacy Residency Program go to **aspirus.org/pharmacy-residency**

Application Procedures

Eligibility:

- Enrollment in the ASHP Residency Match Program
  American Society of Health-System Pharmacists
  Accreditation Services Division

About Aspirus

Aspirus Health is a nonprofit, community-directed health system based in Wausau, Wisconsin, serving northeastern Minnesota, northern and central Wisconsin and the Upper Peninsula of Michigan.

The health system operates 18 hospitals and 130 outpatient locations with nearly 14,000 team members, including 1,300 employed physicians and advanced practice clinicians. Visit **aspirus.org** for more information.

About Wausau

We take a great deal of pride in our growing community; many people were born and raised here and have either stayed or have come back to raise their own families in the area. The Wausau metropolitan area offers a unique combination of city living with the country just minutes away from any doorstep. We have the best of both worlds. Residents can enjoy four distinct seasons throughout the year that offer beauty and numerous recreation opportunities such as fishing, hunting, downhill skiing, cross-country skiing, snowmobiling, hiking, biking, kayaking, canoeing, and boating.

The local Performing Arts Foundation and many local festivals and programs provide experiences for local, national and international cultural events. We are proud to call Wausau our home! The area is accessible from I-39/US 51 and US 29 and is within 20 minutes of Central Wisconsin Regional Airport. For more information, see **ci.wausau.wi.us.**
