

Talk With A Doc

# Let's Talk About Bone & Joint Health

Join **Aspirus Orthopedic Surgeon Dr. Mark Kelley** for an open and informative conversation about the latest advancements in orthopedic care.

Joint pain, injuries, and arthritis can affect daily life. Orthopedic advances help patients recover, move better, and get back to doing what they love.

### Topics will include:

- Advances in orthopedic surgery and treatment
- Joint replacement innovations for hips, knees, and shoulders
- Arthritis and joint pain treatment options
- Minimally invasive procedures and recovery expectations
- When to see an orthopedic specialist
- Outpatient therapy and swing bed rehabilitation close to home

**Tuesday, March 31, 2026 | 6:00 pm**

**Aspirus Laurium Clinic | 205 Osceola Street, Laurium, MI**
